

THE SPORTING WORLD.

The Event at Morris Park Between Banquet and Sir Walter

WAS AN EXCEEDINGLY CLOSE ONE.

The Latter Winning by a Scant Length—St. Anthony Had a Clear Lead of Fifteen Lengths, but His Rider Could not Prevent Him from Bolting—Other Racing Events—Base Ball Results—Nearly a Riot on the Brooklyn Grounds.

New York, June 6.—The chief interest of the day at Morris Park was in the meeting of Sir Walter and Banquet at a mile and a half, and it was an excellent race. The result might have been different had the boy on St. Anthony been able to keep him from bolting, for he had a clear lead of fifteen lengths when the four contenders turned into the stretch, and it was a big lot of ground to make up, as he was running strongly, when he made a rush for the opposite side of the track. Sir Walter won finally by a scant length from Banquet, who had been driven with whip and spur for more than a furlong and stood it gamely.

There was an upset in the Ladies stakes for three-year-old fillies at a mile and a sixteenth, for Kentigerna could not finish any better than third, while Nahma was pounds better than all of the others and won easily. Summaries:

First race, five furlongs—Correction, 100 (Littlefield), 6 to 5, won by two lengths; Wah Jim, 111 (Griffin), 4 to 1, second; by one length; Luttre, 104 (Snedeker), 50 to 1, third. Time, 58.5. Sprinkle, Aria, Prosper, Jr., Lizette and Dorlagilla also ran.

Second race, mile and a half—Sir Walter, 120 (Dorsett), 7 to 10, won by a length; Banquet, 116 (Simms), 7 to 5, second by thirty lengths; Picknick, 56 (Griffin), 7 to 1, third. Time, 2:33. St. Anthony also ran.

Third race, five and a half furlongs—Philomene, 95 (Reid), 5 to 1, won by a length and a half; Hollywood, 90 (Donohue), 50 to 1, second by two lengths; The Coon, 107 (Dorsett), 5 to 1, third. Time, 1:54. Pontre, May Day filly, King Gold, Golden Gate, Herkimer, Kilbirnie, Tympanoe colt, Arca filly, Doe colt, Skybolt, Miss Young, Jewel, Dama, Allen L. also ran.

Time, 1:49. Iola, La Jara, Belvedere, Son Malheur, Dolly Yarden, Baroness, Stonelike, Twelfth, Foxtory, My Lady, Milan and Mistral also ran.

Sixth race, five furlongs, selling—Cleopatra colt, 100 (H. Jones), 50 to 1, won by two lengths; Tingo, 93 (Borger), 7 to 1, second by a head; Ella Reid, 99 (Reid), 5 to 1, third. Time, 59. gave an exhibition of hard hitting and also furnished the crowd with a sample of the tricks in the trade. Stenzel's collision at the plate with Con Dailley, in the ninth inning, almost caused a riot. THE COAL TIE-UP.

(Continued from First Page.)

ganized and too powerful to be overcome by a posse or without the aid of the militia.

I therefore formally call upon your excellency for state aid to enforce the law and protect the property of said company.

Only United States Marshal Dahl and his deputies were expected by the officials of the road and others who knew the actual situation. But had greater violence been used at McClainville they would have been summoned there, and may yet have to be before any coal can be moved beyond that point on the B. & O. road.

The officers and attorneys of the C. & W. were in telegraphic communication with the B. & O. officials during the morning.

Last evening word was received that 1,200 of the state troops had come as far as Barnesville, and were waiting there to see what would be the outcome of the first attempt to move coal. If they are needed they can be brought to McClainville in a few minutes. It was decided by the B. & O. people to start a coal train west last night and test the feeling of the miners.

Another train stopped and sent back to Bellairs by the McClainville miners.

The railroad company raised the issue again very cautiously last night. Two mixed freight trains were started west from Bellairs at convenient intervals. Neither had any coal, and neither was disturbed by the miners at McClainville. Shortly after the second one passed, a third train, a double-header, made up of a number of cars of coal and a number of miscellaneous freight, was started out. It was stopped by the crowd at McClainville, who evidently had been informed before it approached of the fact that coal was a part of the cargo, for they had piled ties on the track to prevent its passage.

The engineer of the front engine wanted to cut loose and run up to the telegraph office to telegraph for orders, as was done the night before, but the miners not only peremptorily forbade this, but also ordered the train run back to Bellairs, and gave the engineer ten minutes to run it back.

After a consultation among the train hands, the train was run back, and no further attempt to send coal west was made last night. It was said shortly after that a telegram had been received saying that the 1,200 militia who spent the night at Barnesville would reach McClainville early this morning, and coal would then be moved.

Why they Don't Move Coal.

Charles Watts, general manager of the Pennsylvania lines, and L. F. Loree, division superintendent, were in Bridgeport yesterday, but did not stay long, as there was nothing in the situation regarding their road that required their attention. Mr. Watts said to an Intelligencer man: "We are not moving any coal, because we have none to move." He said the East Liverpool militia company had their tickets all made out for Bellairs when an order was received for them to go to Canton instead.

They Captured a Train.

Last evening about fifty hobos who came from out the Baltimore & Ohio road somewhere boarded an Ohio River railroad train at Moundsville, near the camp ground switch. The crew stopped the train twice to put them off, but they wouldn't do put, and were finally brought on up to Benwood. It was evidently their desire to join the miners over about Bellairs. One man in the crowd was drunk, and the rest put him off.

Lawlessness in the City.

Night before last the ventilating stack of Daugherty's coal bank, in the Eighth ward, was blown up with dynamite. The mine has been in operation, and supplied Bloch Bros. tobacco factory with fuel. There is no clue to the guilty parties, but the act is supposed to be due to feeling growing out of the strike.

Free as Air.

Although long and obstinately obstructed, free air becomes the hotels when Hostetter's Stomach Bitters is used to relieve and regulate them. Not that the great laxative operates unduly upon them. Quite the contrary. Neither does it cause griping. In both these particulars it is preferable to a violent cathartic. Use the Bitters for malarial and rheumatic ailments, kidney trouble, biliousness, dyspepsia and nervousness.

BELLAIRS.

All Sorts of Local News and Gossip from the Glass City.

McLaughlin and ex-Sheriff James Moore, of Caliz and Harrison county, were in the city Wednesday night and had a conference with some of the delegates and managers here as to the prospects for Gen. Hollingsworth in the Congressional convention. The gentlemen went home well satisfied.

The suit of Maggie Overbaugh against John Patterson on a charge of bastardy resulted in Patterson being held in a bond of \$500. The girl is only 16 years of age, and yesterday her father filed the papers in a suit against Patterson for \$5,000 damages for seduction.

The Board of Trade has agreed to loan the Pultney Glass Company \$1,000. \$500 is to be loaned them three years without interest and \$500 subject to call on sixty days notice. The Board of Trade will permanently organize early in July under the new charter.

The commencement of the high school will be held in the Elysian theater this evening. There are sixteen graduates, nine girls and seven boys, and the rink will be packed.
